Comments: Great Job! You have made fighting questionable items on my credit report effortless on may part saving me crucial time that i would not have otherwise to investigate and dispute myself. Not to mention, affordability versus the quality of work you do! Just wanted to say thanks and I appreciate it!

Good Afternoon:

Attached please find the most recent info sent from the credit bureaus. I am pleased to report my scores have raised significantly and hope they continue to. They are at 691, 630 and 610 as of today and have moved up to the "good" status - I could not have gotten this far without your help and look forward to more success. I am only a short way from meeting the requirements for my job move.

Many thanks again for your continued help.

Regards,

Niki [REDACTED]

Eca advocates,

Thank you so much for all of your help! In just the last month I have noticed that my Equifax score has gone up ! thank you for all your help, and I am thrilled that I decided to come to you. I was with another firm before that charged 100 dollars a month to do what you do and I was with them for 6 months and did not have any changes at all. Thank you
