Thank you so much for the follow up and for the wonderful courtesy you are again extending to me. I will take your advice and contact both Citibank and Wells Fargo and look into a deferment further. I appreciate your assistance through this economic hardship, every little bit helps and I thank you for that.

Your efforts are appreciated! If there is ever a survey or recommendation I can provide for your company, please do not hesitate to ask. Your level of professionalism and compassion is absolutely wonderful.

Best regards,
Niki
